Parent Report:

When are Gr. 9s receiving their Pearson Portal Passwords? Passwords have been forwarded to the gr. 9 teachers. New students to Regina Public will have to wait for Pearson to generate.

Can the parent council help with fundraising throughout the school? Parents are welcome to fundraise to support programs and students within the school as long as it does not interfere with learning or other fundraisers going on. As well, all monies collected must go through the school. Admin permission is required.

How are programs funded? The school division gives the school a budget based on population and the money is doled out according to program requests, subscription, and needs. Other accounts that programs access is student fees or fundraising accounts. We have the ability to apply for more funding when needs arise.
